East Greenbush, NY 12061

RE: Bell Top Elementary Lead-in-Water Testing Results

Dear Mr. Simons,

Needham Risk Management has performed lead sample collection for all potable water sources in the East Greenbush Central School District according to the New York State Department of Health (NYSDOH) School Potable Water Testing and Standards. The samples were collected at all five elementary schools by the deadline of September 30, 2016, and at Howard L. Goff Middle School and Columbia High School by their deadline of October 31, 2016.

Listed below are the test results for Bell Top Elementary. Of the 70 samples taken, 4 were above the NYSDOH action level of 15 parts per billion. The District's analytical results have been reported to the Rensselaer County Department of Health, as required by the standard. Prior to returning any outlet to service, a confirmation sample will be performed to ensure the effectiveness of the corrective action that was taken.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Michael Needham, CSP, CFPS, RES, CET
Safety & Health Consultant
