PREPARING FOR REGENTS AND FINAL EXAMS

Preparing for Regents and final exams is no easy task. Luckily though, with the help of the internet, today's students have many options to practice tests and review key information. Here is a brief list of some locations where you might find some help. Check with your subject area teacher to see if he/she knows of any other sites that may help you.

You may have seen this show on public television. On this website you can watch these videos and access PowerPoints on each subject. There are other resources available here as well.

If you get it now you can also use it for next year's classes. In addition, you can do the following:

- take complete past New York State Regents exams
- select actual Regents questions by date or topic
- receive immediate feedback including grades and answers to all questions with full explanations
- note that all information is saved on a personal database for future review.

WWW.NYSEDREGENTS.ORG

The NYS Education Department's site. Here you can locate past Regents exams and curriculum.
