E. Board Spokesperson
Dr. Harrison questioned whether the Board Spokesperson role should be reviewed and considered as to whether it fills a need. Mr. Dunn said there should be agreement not to add a layer on the e-mail chain.

Mr. Mann spoke in favor of the spokesperson role, advising the reason for establishing the position was to give community members a Board response when e-mailing the Board. He suggested the position be retained.

Dr. Harrison suggested a review of the wording on the website related to the e-mail address for the Board. He noted that most of the inquiries are not Board specific and are answered in most cases by members of administration. Dr. Harrison believed the website wording noted that the inquiry was being sent to administration and the Board at the same time. He recommended in the future that if the inquiry was Board specific, the Board President or Vice President would respond. Otherwise, the Superintendent would respond to the inquiry.

Mr. Dunn also recommended that the wording on the website be updated. Dr. Harrison agreed. Mr. Simons agreed to check the wording on the website. Mr. Edson said he will review the existing Board policy for possible revision with the policy committee.

Mr. Edson administered the oaths of office to Board officers Mr. Mann, Ms. Curran, and Ms. Taylor.

Dr. Harrison read the following statement.

Board of Education Continues its Defense of District Against Former Superintendent's Claims.
In November, 2015 the Board of Education of the East Greenbush Central School District was pleased to receive a written Decision from the Equal Employment Opportunity Commission (EEOC) dismissing all claims brought against the District by former superintendent Angela Nagle in the charges she and her private attorney publicly announced as having filed in May, 2015. At that time, Dr. Nagle accused the Board of illegally discriminating against her when it exercised its right to decline to extend or renew her employment contract beyond June 30, 2016, the date upon which it would expire.

When the Board received and reviewed the charges contained in Dr. Nagle's EEOC complaint, and in response to inquiries from the media and others, it stated that the claims were without merit and not factually supported. The Board fully cooperated with the EEOC investigation and supplied numerous documents and affidavits in support of its position that it had done nothing wrong.

Upon completing its investigation, the EEOC concluded that nothing contained in the information supplied established that any violations of the statutes occurred. Agreeing with the Board's position and request, the EEOC determined that there was "no probable cause" to proceed with further action and formally dismissed the case.

According to the decision, Dr. Nagle had a limited time to file a separate civil lawsuit in Federal court on the claims she had made. She has done so, naming the East Greenbush Central School District, the EGCSD Board of Education as a body, and individual Board members who served in the 2014-2015 and 2015-2016 school years. Speaking on behalf of the Board of Education, President Shay Harrison offered, "We have steadfastly maintained that Dr. Nagle's public claims of improper bias by the Board were absolutely false and misleading. This Board, in deciding to plan for new leadership for the District, acted in what we believed were the best interests of the Community, our students and our staff. Likewise, we believe that her Federal civil action is without any merit and we will, of course, continue our defense of the District."

He added, "We are pleased that the EEOC chose not to pursue the matter any further and we look forward to a resolution of the civil matter in a manner favorable to the East Greenbush Central School District."

Dr. Harrison welcomed Mr. Simons as Superintendent of Schools.

Mr. Simons reiterated his earlier comments on being welcomed into the school district, noting it had been a great seven day start. He appreciated his meetings with administrators and principals.

RE: **Proposed Change in Policy – First Reading**

Proposed Policy

Policy #1400, Public Complaints and Effective Communication

New Policy or Modification

Modification

Rationale

At the Board of Education meeting on July 11, 2016, the Board expressed support for a change in handling inquiries through the website.

Policy Changes

Inquiries, complaints and concerns through the District website will be acknowledged by the Superintendent of Schools unless specifically directed to the Board. If addressed to the Board, the inquiry will be answered by the Board President or Vice-President as spokesperson.

The policy wording is generally based on the NYSSBA sample policy. The proposed policy language is marked with underlining for new wording and strikethrough for proposed deletions.

PUBLIC COMPLAINTS AND EFFECTIVE COMMUNICATION

The Board establishes that it is the intent of the Board to promote and facilitate effective communication among students, parents, residents of the district, the Board, and the district staff. In addition the Board recognizes that it has an interest in safeguarding from unfair criticism both its employees and persons who register complaints or express concerns.

The Board, as a body responsible for establishing policies that govern the operations of the district and provide its educational programs, strongly encourages all members of the community to share with the Board their views on district policies and on the many educational issues confronting the district. Such communication can take place either at regular meetings of the Board, which generally are scheduled on the second and fourth Wednesdays of each month, at special Board meetings, or through contacts made with individual members of the Board.

Routing of Public Compliments, Concerns, or Complaints

The Board believes that communications involving specific situations and individuals are best handled as close to the origin of communication as possible, whether these are in the form of compliments, concerns, or complaints. Staff shall be given every opportunity to consider issues and to resolve problems prior to the involvement of the Board. As a general rule, therefore, compliments, concerns, or complaints should be channeled as follows:

1. Teacher or staff member
2. Principal
3. Superintendent of Schools
4. Board of Education

Nevertheless, the Board will act in those situations where satisfactory or timely resolution is not achieved through administrative remedy.

~~The board will designate a spokesperson at the annual organizational meeting for inquiries and comments received through the district website. The spokesperson shall acknowledge all compliments, complaints, and concerns. The spokesperson shall exercise discretion and diligence when making a response and will limit his or her response to an acknowledgment and an assurance that the~~

~~comments will be directed to appropriate district personnel and that a response will be forthcoming.~~

All inquiries, compliments, complaints and concerns received through the district website shall be acknowledged by the Superintendent of Schools as spokesperson, unless specifically addressed to the Board of Education. If an inquiry is addressed to the Board of Education, the Board President or Vice-President shall respond. An individual acting as spokesperson for the Board of Education shall exercise discretion and diligence when making a response and will limit his or her response to an acknowledgment and an assurance that the comments will be directed to appropriate district personnel and that a response will be forthcoming.

Role of Individual Board Members

Individual members of the Board of Education will listen to persons who request Board involvement and then refer those persons to the Superintendent. Any Board member who is so contacted shall refrain from expressing any judgment about the merits of a complaint until that complaint is submitted to the entire Board.

Role of the Superintendent of Schools

The Superintendent may refer complaints she/he receives to other staff members whenever she/he deems it appropriate.

The Superintendent shall establish procedures to ensure that problems and issues are resolved on a timely basis, and that proper records are maintained for all compliments, concerns, and complaints received.

Treatment of Complaints About District Personnel

Discussions by either members of the public or members of the Board of Education relating to the competence or personal conduct of any district employee or employees shall be considered out of order at public meetings of the Board, and shall be ruled as such by the person presiding. Nevertheless, the Board and the district administration will accept written expressions or statements of concern relating to employee behavior or job performance. If complaints reach the Board level, then an executive session of the Board shall be convened to evaluate the substance of the complaint.

RE: **Proposed Change in Policy – First Reading**

Proposed Policy

Policy #1900, Parental Involvement

New Policy or Modification

Modification

Rationale

The New York State School Boards Association has recently issued an update of policy #1900, Parental Involvement. This policy has not been revised in the last ten years and now needs to reflect the changes issued in the Every Student Succeeds Act (ESSA). Additional policy changes are anticipated when final federal regulations are completed and New York State passes laws and regulations to implement ESSA.

Policy Changes

In most sections of the policy, "parent involvement" has been expanded to "parent and family engagement." The ESSA is specific as to which sections need to include family member. Also, parents and family members should be provided an opportunity to participate in the development of the District's Title I Plan.

The policy wording is generally based on the NYSSBA sample policy. The proposed policy language is marked with underlining for new wording and strikethrough for proposed deletions.

PARENTAL INVOLVEMENT

The Board of Education believes that positive ~~parental involvement~~ parent and family engagement is essential to student achievement, and thus encourages such involvement in school educational planning and operations. ~~Parental involvement~~ Parent and family engagement may take place either in the classroom or during extra-curricular activities. However, the Board also encourages ~~parental involvement~~ parent and family engagement at home (e.g., planned home reading time, informal learning activities, and/or homework "contracts" between parents, family members and children). The Board directs the Superintendent/Principal to develop a home-school communications program in an effort to encourage all forms of ~~parental involvement~~ parent and family engagement.

Title I ~~Parental Involvement~~ Parent and Family Engagement – District Level Policy

Consistent with the parent ~~involvement~~ and family engagement goals of Title I, Part A of the federal No Child Left Behind Act of 2001 (NCLB) and its reauthorization in the Every Student Succeeds Act (ESSA), the Board of Education will develop and implement programs, activities and procedures that encourage and support the participation of parents and family members of students eligible for Title I services in all aspects of their child's education. The Board will also ensure that all of its schools receiving Title I, Part A funds develop and implement school level parent and family engagement procedures, as further required by federal law.

For purposes of this policy, parental involvement refers to the participation of parents in regular, two-way, and meaningful communication, involving student academic learning and other school activities.

At a minimum, ~~parental involvement~~ parent and family engagement programs, activities and procedures at both the district and individual school level ~~will~~ must ensure that parents and family members:

- Play an integral role in assisting their child's learning;
- Are encouraged to be actively involved in their child's education at school; and
- Are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.

The federal definition of the term "parents" refers to a natural parent, legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the child's welfare).

District and school level Title I parent and family engagement programs, activities and procedures will provide opportunities for the informed participation of parents and family members (including those who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children).

As further required by federal law, parents and family members of students eligible for Title I services will be provided an opportunity to participate in the development of the district's Title I plan, and to submit comments regarding any aspect of the plan that is not satisfactory to them. Their comments will be forwarded with the plan to the State Education Department.

Parents and family members also will participate in the process for developing either a comprehensive or targeted "support and improvement plan" when the school their child attends is identified by the State as needing this plan.

~~Review of parental involvement plan~~ Parent and family member participation in development of district-wide Title I Plan

The Board, along with its Superintendent/Principal and other appropriate staff will ~~conduct, with the involvement of parents an annual evaluation of the content and effectiveness of the parental involvement plan in improving the academic quality of the school, including the identification of barriers to greater participation by parents in activities under this policy, and the revision of parent involvement policies necessary for more effective involvement~~ undertake the following actions to ensure parent and family member involvement in the development of the district-wide Title I plan: hold meetings at flexible times and accessible places or survey parents by phone, mail or e-mail.

Development of school level parent and family engagement approaches

The superintendent of schools will ensure that all district schools receiving federal financial assistance under Title I, Part A are provided coordination, technical assistance and all other support necessary to assist them in planning and implementing effective parent and family engagement programs and activities that improve student achievement and school performance. As appropriate to meet individual local needs, the superintendent will: hold meetings at flexible times and accessible places or survey parents by phone, mail or e-mail

Building capacity for parental involvement

To build parent capacity for strong parental involvement to improve their child's academic achievement, the district and its Title I, Part A schools will, at a minimum:

1. Assist parents in understanding such topics as the state's academic content and ~~student achievement~~ challenging academic standards, state and local academic assessments, Title I requirements, how to monitor their child's progress and how to work with educators to improve the achievement of their child. To achieve this objective, the district and its Title I, Part A schools will offer:

    - Parent Orientation Nights for incoming Pre-K, Kindergarten and Middle School Families.
    - High School Orientation, school visits and scheduling conferences for grade 8 students and families.
    - Back-to-School/curriculum nights for each grade level.

2. Provide materials and training to help parents work to improve ~~with~~ their child's academic achievement such as literacy training and using technology (including education about the harms of copyright piracy). To achieve this objective, the district and its Title I schools will offer:

    - Parent information meetings on NYS assessments, learning standards, school curricula, ~~and~~ student safety, and technology.
    - ~~Ten neighborhood meetings and two school-wide forums held annually on topics related to teaching and learning.~~
    - ~~Open library hours for students and families.~~

Title I Parental Involvement - School Level Policy

The school district recognizes that parents play an integral role in assisting their child's learning. We encourage parents to be actively involved in their child's education at school and to become full partners in school educational planning and operations. Consistent with the parent involvement goals of Title I, Part A of the federal No Child Left Behind Act of 2001 (NCLB):

1. The Superintendent/Principal and appropriate staff shall convene an annual meeting, at a convenient time, to inform parents of the school's participation in Title I programs, and to explain Title I requirements and the right of the parents to be involved. All parents of children participating in a Title I program will be invited to the meeting.

2. The school staff shall offer a flexible number of meetings to provide parents the opportunity to meet with school staff and otherwise participate in their child's education. These meetings shall be held at flexible times (e.g., morning or evening) and/or in highly accessible places.

3. The school will provide parents with timely information about Title I programs. School staff will also describe and explain the curriculum in use at the school, the types of academic assessment that will be used to measure student progress and the proficiency levels the students are expected to meet. Parents may also request regular meetings with school staff to make suggestions and to participate, as appropriate in decisions relating to the education of their child. The school will respond to any such suggestions as soon as practical.

~~The school staff shall involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of Title I programs, including the planning, review, and improvement of the school's parent involvement policy.~~

Review of district-wide parent and family engagement policy

The Board, along with its superintendent of schools and other appropriate staff will conduct, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of this parent and family engagement policy in improving the academic qualify of Title I schools, including the identification of barriers to greater participation by parents in activities under this policy, and the revision of parent and family engagement policies necessary for more effective involvement. To facilitate this review, the district will conduct the following activities: request parents to participate in the development of the consolidated applications and identify barriers and opportunities.

Proposed Policy

Policy #5151, Homeless Children

New Policy or Modification

Modification

Rationale

The New York State School Boards Association has provided a policy update to reflect changes made under the federal Every Student Succeeds Act (ESSA) related to identifying homeless students and ensuring that they can continue their education with as little disruption as possible.

Policy Changes

The proposed policy and regulation reflect the following changes:

1) A better definition of the homeless child is used in paragraph three, particularly noting the rights to attend the school
2) Using "school of origin" rather than "district of origin" to be consistent with federal definitions
3) Emphasis on eliminating barriers to identification, enrollment and retention of homeless children particularly relating to incomplete records, and outstanding fees, fines or absences
4) Coordination with local social services agencies and other entities
5) Professional development for the homeless liaison and staff providing services
6) Public notice of the educational rights of homeless children

The policy wording is generally based on the NYSSBA sample policy. The proposed policy language is marked with underlining for new wording and strikethrough for proposed deletions.

HOMELESS CHILDREN

The Board of Education recognizes its responsibility to identify homeless children within the district, encourage their enrollment and eliminate existing barriers to their education which may exist in district practices. The Board will provide homeless children attending the district's schools with access to the same free and appropriate public education and other school programs and activities, including preschool education, as other children.

A homeless child is a child who lacks a fixed, regular, and adequate nighttime residence or who has a primary nighttime location in a public or private shelter designed to provide temporary living accommodations, or a place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings. This definition also includes a child who shares the housing of others due to loss of housing, economic hardship, or similar reason; lives in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; lives in a car, park, public space or abandoned building, substandard housing, bus or train station or similar setting; has been abandoned in a hospital or is awaiting foster care placement; or is a migratory child who qualifies as homeless. An unaccompanied youth is a homeless child for whom no parent or person in parental relation is available.

A homeless child has the right to attend school in either the ~~district~~ school of origin (i.e., where he/she resided before becoming homeless, or the school he/she was last enrolled), the school in the district of current location (i.e., where he/she currently resides as a result of his/her homelessness) that he/she is entitled to attend based on attendance zone or general eligibility, or a district participating in a regional placement plan. Such schools include preschools. The homeless child is entitled to attend the designated school ~~district~~ on a tuition-free basis for the duration of his or her homelessness. If the child becomes permanently housed, the child is entitled to continue to attendance in the same school building until the end of the school year and for one additional year if that year constitutes the child's terminal year in such building. If a homeless child completes the final grade level in his/her school of origin, the child may also attend the designated receiving school at the next grade level.

The Superintendent of Schools shall develop procedures necessary to expedite the homeless child's access to the designated school. Such procedures shall include:

1. Admission: Upon designation, the district shall immediately admit the homeless child to school, even if the child is unable to produce records normally required for enrollment, such as previous academic records, medical or immunization records, proof of age or residency or other documentation and even if there is a dispute with the child's parents regarding school selection or enrollment. During a dispute, the student may continue attending the school until final resolution of the dispute, including all available appeals. Homeless children will have the same opportunity as other children to enroll in and succeed in the district's schools. They will not be placed in separate schools or programs based on their status as homeless. The district shall eliminate barriers to identification, enrollment and retention of homeless children, including barriers to enrollment and retention due to outstanding fees, fines or absences.
2. Transportation: The district shall provide transportation for homeless students currently residing within the district as required by applicable law, as described in the accompanying regulation.
3. School Records: For homeless students attending school out of the district, the district shall, within five days of receipt of a request for records, forward a complete copy of the homeless child's records including proof of age, academic records, evaluation, immunization records and guardianship paper, if applicable. For homeless students attending school in the district, the district shall request the student's records (academic, medical, etc.) from the school the student last attended.
4. Coordination: The district shall coordinate with local social services agencies and other entities providing services to homeless children and their families for the provision of services to homeless children, and shall coordinate with other school districts on issues of prompt identification, transportation, transfer of records, and other inter-district activities. This shall include ensuring the provision of appropriate services to homeless students with disabilities who are eligible for services under section 504 or IDEA.

Information about a homeless child's living situation shall be treated as a student education records, and shall not be deemed to be directory information under FERPA (see policy 5500).

The Superintendent shall also designate a liaison for homeless children and ensure that this person is aware of his or her responsibilities under the law. The Superintendent shall ensure that the liaison receives appropriate professional development on identifying and meeting the needs of homeless students, including the definition of terms related to homelessness. The liaison's responsibilities shall include, but not be limited to, ensuring that:

1. parents or guardians of homeless children are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children;
2. parents and guardians and unaccompanied youth are fully informed of all transportation services available to them, and are assisted in accessing them;
3. enrollment disputes involving homeless children are promptly mediated and resolved;
4. school personnel through outreach and ~~in~~ coordination with shelters and social service agencies and other appropriate entities identify homeless children, including homeless preschoolers;
5. homeless children receive educational services, including Head Start and preschool services to which they are eligible, as well as referrals to health care and other appropriate services for homeless children and their families;
6. public notice of the educational rights of homeless children is disseminated in locations frequented by homeless unaccompanied youth and parents/guardians of homeless children, in a manner and form understandable to them;
7. staff who provide services to homeless students receive required professional development and support on identifying and meeting the needs of homeless students;
8. homeless unaccompanied youth are informed of their rights, are enrolled in school, and have opportunities to meet the same state standards set for all students, including receiving credit for full or partial coursework earned in a prior school pursuant to Commissioner's regulations.

In accordance with law and regulation, the district will offer a prompt dispute resolution process (described in more detail in the accompanying administrative regulation).

In accordance with Commissioner's regulations, the district shall collect and transmit to the Commissioner information necessary to assess the educational needs of homeless children within the State.

HOMELESS CHILDREN REGULATION

Each school in the district shall maintain forms provided by the Commissioner of Education for designating a homeless child's district of attendance. These forms must be provided to any homeless child or parent or guardian who seeks to enroll a child in school. The district's liaison for homeless students shall assist the homeless child and/or parent or guardian in understanding their rights under the law and provide them with information regarding the educational and related opportunities available to them.

School placement decisions for homeless children will be based on the "best interest of the child" and consider student-centered factors such as the effect of mobility on student achievement, education, health and safety. Unless doing so is contrary to the wishes of the child's parent or guardian, to the extent possible, a homeless child will continue to attend the school of origin (the school the child attended when he or she became homeless).

If the district wishes to send a homeless child to a school other than the school of origin or a school requested by the parent or guardian, the Superintendent or designee shall provide the parent or guardian (or child, if an unaccompanied youth) with a written explanation of its decision, together with a statement regarding the right to appeal the placement, which shall be in a manner and form understandable to them ~~process~~. The Superintendent or designee shall refer any such dispute to the district's liaison for the homeless for resolution. The homeless child must be enrolled in the school sought by the parent or guardian pending final resolution of the dispute, including all available appeals.

Admission Procedures

Upon designation, the Superintendent of Schools or designee shall immediately:

1. review the designation form to ensure that it is complete;
2. admit the homeless child even if the child or his/her parent or guardian is unable to produce records normally required for enrollment, or the student has missed application or enrollment deadlines, or there is an unresolved dispute regarding school selection or enrollment;
3. where applicable, make a written request to the school district where a copy of the child's records are located for a copy of the homeless child's school records;
4. notify the liaison for homeless children of the child's admission. The liaison shall:

a. notify the child and/or the parent or guardian of the educational and related opportunities available to homeless children including transportation;
b. ensure that the child receives the educational services for which they are eligible, including Head Start and ~~Even~~ Early Head Start and preschool programs administered by the district;
c. make necessary referrals for the homeless children or their families to health care services, dental services, mental health services, substance abuse services, housing services, and other appropriate services;
d. ensure that any enrollment disputes are mediated promptly and in accordance with law.
e. when assisting unaccompanied youth in placement or enrollment decisions, give priority to the views of such youth, and inform them of their status as "independent students" for purposes of applying for federal financial aid for college and assist with that process; and
f. assist in obtaining required immunizations, health screenings, immunization records or health records.

The Superintendent or designee shall forward a copy of the designation form to the Commissioner of Education and the school district of origin where applicable.

Transportation

Unless the homeless child is entitled to transportation provided by the Department of Social Services or Office of Children and Family Services, the district shall provide transportation services to the child in accordance with applicable law. A designated school district that must provide transportation to a homeless child ~~may not~~ is not required to provide transportation in excess of 50 miles one way, unless the Commissioner of Education determines that it is in the best interest of the child.

Transportation must be provided when the district receives notice of a child's homeless status, as well as during the pendency of disputes. If a child is receiving transportation to his/her school of origin and obtains permanent housing during the school year, the student has the right to continued transportation services to the school of origin until the end of the academic year, as well as if the student completes the final grade level in a building, or attends the designated receiving school at the next level.

Dispute Resolution Process

If, after the Superintendent reviews the designation form (STAC-202), he/she finds that the student is either not homeless, not entitled to attend the district's school, or not entitled to transportation (if requested) the Superintendent or designee will do the following:

1. Contact the district's homeless liaison to assist in dispute resolution process.
2. Contact the student and parent (if available) and inform them of their opportunity to provide more information prior to the district making a final determination.

If, after consideration of any additional information and input from the homeless liaison, the Superintendent makes a final determination that a student is not homeless, or not entitled to enrollment or transportation, he/she must provide the student's parent or guardian, or the student, if the student is an unaccompanied youth, with written notice that the student is not entitled to their request. This written notice must also:

1) state the rationale/basis for the district's determination;
2) state the date as of which the student will be excluded from the district's schools (or transportation);
3) advise that the district's final determination may be appealed to the Commissioner of Education (Commissioner);
4) provide the name and contact information for the district's homeless liaison;
5) inform the student's parent or guardian or the student, if the student is an unaccompanied youth, that the district's homeless liaison is required to assist him/her in filing such an appeal; and
6) include, as an attachment, the form petition needed to file an appeal to the Commissioner.

The Superintendent must ensure that the district's final decision is delivered to the parent, guardian, or unaccompanied youth in a timely manner. The student must remain enrolled and provided with transportation (if requested) until the district makes a final determination and for a minimum of 30 days after the determination to give the student's parent or guardian or unaccompanied youth the opportunity to appeal to the Commissioner.

If the parent/guardian or student commences an appeal to the Commissioner ~~with a stay application~~ within 30 days of the final determination, the homeless child or youth will be permitted to continue to attend the school s/he is enrolled in at the time of the appeal and/or receive transportation to that school until the Commissioner renders a decision ~~on the stay application~~.

Re: Girls' & Boys' Cross-Country Overnight Invitational
Date: June 29, 2016

The Girls & Boys Cross Country teams have traditionally been invited to the Manhattan Invitational in Van Cortland Park, NYC but this year we decided to go to Six Flags NJ for an Invitational instead of Manhattan because after the races the kids will get to enjoy the six flags theme park at a discounted fee. The meet though will require us to possible stay overnight, if we decided to attend this year.

The trip will be taking place on September 24th, 2016. We will leave between 11:30 am and the end of the school day on Friday September 23rd, 2016 and return on September 24th, 2016 anywhere between 8:00 pm and midnight.

Chaperones for the trip will be the Columbia girls coach Douglas Hadley, the boys coach John Rivera and their co-assistant (Ashley Gansle) along with some parents from the team. I'm seeking approval for these trips without the list of athletes who will be attending at this time. I do not have the names of the athletes due to not starting the fall sports season until August 15, 2016. I will forward the names of the athletes to you as soon I know the members of our teams.

This meet is an opportunity for our athletes to compete at a higher level of competition in preparation for the NYS Championships at the end of our season and it also gives the girls and boys an opportunity to look at other schools and their athletes, along with some great team bonding time. This trip provides an opportunity for our athletes to compete in a "BIG MEET" against athletes their own age from other state schools as well as out-of-state schools prepares them for future running events and life experiences.

The school would be responsible for the entry fee for this meet and the rest would be paid for by the athlete's.

No one will be denied the opportunity to attend these meets due to financial constraints.

RE: **2016-2017 AS-7 Contract for BOCES Services**

The District annually purchases services for technology, special education, career and technical programs, and other cooperative items through Questar III BOCES. Some cooperative services are received through other BOCES such as Capital Region, WSWHE, Monroe-Orleans, and Onondaga-Cortland-Madison BOCES.

The process for acquiring and paying for BOCES Services is as follows:

1. Proposed BOCES services were presented to the Board during the District budget development process from October 2015 to April 2016.
2. In April 2016, the Board approved an initial commitment for 2016-2017 services with Questar III BOCES (known as the Final Service Request or FSR)
3. In July 2016, Questar III prepared a final services agreement, known as Form AS-7, listing the services in the FSR plus any adjustments to date.
4. The Board is presented with Form AS-7 for approval in August 2016.
5. Cross-contract services and other adjustments are added to the monthly Questar billing, which is done from September 2016 to June 2017.

Form AS-7 only includes preliminary services planned to be acquired from Questar III BOCES at this time. Further, actual monthly billings from Questar vary from the AS-7 due to amendments made during the year for new students enrolled in special education programs, changes in student services, and other billing adjustments.

Note: the AS-7 contract shows the gross amount for the Central Administration charge for Questar III BOCES at $657,925. This does not reflect the expected OPEB credit of $250,820.05.

Resolution

Resolved, the Board of Education of the East Greenbush Central School District approves Form AS-7, 2016-2017 Contract for Cooperative Educational Services with Questar III BOCES in the amount of $3,354,517.57 and to authorize the Board of Education President to sign the contract.

L) Pages 17-20 – ORPTS Forms to Report Tax Levy and Claim STAR Reimbursement (Form B-1 to be completed upon receipt of final Tax Roll)

Steps to Calculate Tax Rates

1) The tax levy is calculated by taking the 2016-2017 total budget expenditures and subtracting anticipated state aid, other revenues, and projected fund balance.
2) The tax levy must be apportioned among the six towns in the school district using full or true property value.
3) Full values are unavailable from all towns, since each one uses a different assessment method and assesses at a different percentage of market value.
4) Equalization rates for each town are determined by the Office of Real Property Tax Services to account for differences in town assessment methods.

5) Estimated full value for each town is calculated by dividing assessed values by the equalization rate.
6) Historically, the District has also apportioned the tax levy into property classes known as homestead and non-homestead. (This provides homestead property owners, typically the residential class, with a tax break compared to what would be charged under a single tax rate method.)
7) The largest town in the school district, East Greenbush, provides a base proportion, used to allocate the total levy into homestead and non-homestead classes. The Town of East Greenbush certified the base proportion in July. (Exception: The base proportion may be adjusted by formula.)
8) Once the levy is allocated by town and by homestead/non-homestead classes, it is divided by the appropriate taxable assessed values to determine tax rates.
9) Omitted taxes from prior years, if applicable, reduce the amount to be raised for specific towns.
10) A portion of the levy is designated as STAR and filed with the NYS Tax Department, Office of Real Property Services for reimbursement to the District.

Tax Levy Amount

The proposed 2016-2017 tax levy is calculated as follows:

Total 2016-2017 Budget	$90,133,002
Less: Projected State Aid	(27,901,093)
Less: Other Revenues	(5,806,354)
Less: Fund Balance Appropriation	(5,130,622)
Total Tax Levy	$51,294,933
Omitted Taxes	-2,569.86
Amount to Be Raised	$51,292,363.14

With the fund balance appropriation, I am projecting that the remaining unassigned fund balance will be below the maximum limit of 4.00%. The Bonadio Group, the District's auditors, will disclose the final unassigned fund balance in the financial statements, presented to the Board of Education in October.

Trends

A) Actual increases in the tax levy have often been smaller than projected in the budget due to application of the fund balance and/or changes in expected revenues. The 2016 tax levy is the same as proposed in the 2016-2017 budget.

Year	Projected Tax Levy Percent Change	Actual Tax Levy Percent Change	Actual Tax Levy Dollars
2007	5.7%	**4.2%**	$46,362,352
2008	4.1%	**2.7%**	47,621,433
2009	1.5%	**0.8%**	48,023,690
2010	3.6%	**0.6%**	48,304,089
2011	2.8%	**1.3%**	48,909,741
2012	2.4%	**2.4%**	50,077,635
2013	0.3%	**0.3%**	50,238,179
2014	1.2%	**1.2%**	50,827,256
2015	0.0%	**-1.0%**	50,327,256
2016	1.9%	**1.9%**	51,294,933

B) Since the reassessment in the Towns of Sand Lake, Schodack and East Greenbush in 2007, equalization rates have essentially been the same. When equalization rates are stable, there are smaller variations in tax rates among the towns. Variations may also occur due to changes in total assessed values and the base proportion.

Town	2013	2014	2015	2016
East Greenbush	100.00%	100.00%	100.00%	100.00%
Schodack	112.21%	100.00%	100.00%	100.00%
Nassau	72.00%	76.00%	78.00%	77.50%
North Greenbush	26.50%	26.50%	26.50%	26.00%
Sand Lake	100.00%	100.00%	100.00%	100.00%
Chatham	82.00%	84.00%	84.00%	85.00%

The New York State Department of Taxation and Finance, State Board of Real Property Tax Services has the responsibility to set equalization rates. An equalization rate represents their best estimate of the fractional value the town's assessment represents in comparison to the full value of the town. Concerns regarding the calculation of equalization rates should be addressed directly with the New York State Department of Taxation and Finance.

C) Taxable assessed values for 2016 show a slight decrease.

Year	Homestead	Non-Homestead	Total Assd Value	Total Change	H % Change	NH % Change
2009	1,871,690,297	563,846,363	2,435,536,660	-0.4%	0.3%	-2.5%

2016	1,775,758,756	547,214,877	2,322,973,633	-0.1%	0.2%	-0.9%

D) The homestead (residential) share of the total full value of the district had increased over time until 2013. The adoption of the dual tax rate system has protected the homestead class from large adjustments in tax rates.

Year	FV Share Homestead	FV Share Non-Homestead	Aggregate Tax Share Homestead	Aggregate Tax Share Non-Homestead
2009	76.68%	23.32%	70.85%	29.15%
2010	76.60%	23.40%	70.75%	29.25%
2011	77.49%	22.51%	71.86%	28.14%
2012	77.26%	22.74%	71.58%	28.42%
2013	76.00%	24.00%	70.00%	30.00%
2014	76.20%	23.80%	70.26%	29.74%
2015	75.70%	24.30%	69.63%	30.37%
2016	75.86%	24.14%	69.83%	30.17%

Should the dual tax rate system be adopted by resolution #1, it will be the 31st year of implementation. Note that page 5 shows the additional increase in tax rates for the homestead class should the dual tax rate system not be adopted.

E) Proposed homestead tax rates in all towns are as follows:

Town	2015 Tax Rate	2016 Tax Rate	Percent Change
East Greenbush	$17.14	$17.40	1.5%
Schodack	$17.27	$17.55	1.6%
Nassau	$22.18	$22.76	2.6%
North Greenbush	$64.42	$66.71	3.6%
Sand Lake	$17.58	$18.06	2.8%
Chatham	$22.39	$22.47	0.4%

Resolution #1 – Adoption of the Dual Tax Rate System

Recognizing that the Town Board of the Town of East Greenbush has certified the school homestead and non-homestead base proportions for 2016, those being 67.69% and 32.31%, respectively, and cognizant of the fact that at least one-third of the parcels are located in the Town of East Greenbush portion of the School District, the provisions of Real Property Tax Law Section 1903(5), and hence the dual tax rate, is hereby adopted for the 2016-2017 tax levy.
