Reimagine Education Advisory Council Guiding Principles

- Districts must develop flexible plans.
- Enact safeguards to protect the health of students & employees, using masks and social distancing.
- Prioritize in-classroom instruction, specifically for students that need it the most.
- Maximize use of available space in school as well as in community to expand in-class instruction.
- Focus on arts, career & technical education, labs & other areas that are better for in-person instruction.
- Utilize innovative models such as community schools.
- Establish best practices for hybrid and remote learning and share best practices with other districts.

NYSDOH School Guidelines Released Today

Masks/PPE

Whenever students or staff cannot maintain social distancing, masks are required.

- Face coverings are strongly recommended at all times; except for meals and classroom instruction even with social distancing.
- Districts can require face coverings, even during instruction, in communities with higher infection rates.
- Schools should include plan for mask breaks for students when students can socially distance.

NYSDOH School Guidelines Released Today

Social Distancing

- 6 feet of separation/barriers
- Reconfigure space (e.g. gyms & additional space in community) to expand in-person instruction.

Cohort Structures

- Schools should cohort students to limit potential exposure and better contain any potential infection.
