Dear Parent/Guardian:

The Alternate Location Form on file for your child(ren) for 2023-2024 will expire on June 26, 2024 (alternate busing will NOT roll over to the next school year even if there is no change in transportation needs). If you intend for alternate transportation to continue for 2024-2025, a new Alternate Location Request is **required**. The request form is enclosed for your convenience and the **ORIGINAL** completed form needs to be submitted to the East Greenbush CSD Transportation Department by **April 1, 2024**.

We make every effort to see that requests are fully processed in time for the first day of school. It is possible that request for an alternate location received after August 12th, may not be in place until September 19th or later.

For parents who have two separate addresses, one parent's address is the **primary address** and the other parent's address is the **alternate address**.

Elementary students may be transported to **licensed** daycare providers throughout the district; any other alternate location **must be within the elementary school's attendance zone**. Columbia High School and Goff Middle School students may be transported anywhere within the district.

Sincerely,

Dr. Wanda McQueen

Attached is the current list of Alternate Location Requests for your school for the 2024-2025 school year. Since these requests are renewed annually:

1. Please go into Power School and remove all previous Alternate Location information for all your students. This is located on the "Student Information" page at the bottom.
2. Input the information that is for this current year for these student in the packet.
3. As new requests come in, they will be processed at Transportation and faxed to your office to be put into Power School and then file your paper copy.
4. If parents bring these forms to your office, please do not file them. The original needs to come to the Transportation Department for processing. When fully processed we will fax it to you.

If you have any questions, you may contact me at the Transportation Department 518-477-9288.

Thank you for your assistance

Transportation Between School and A Child Care Location For Grades K-8

http://www.p12.nysed.gov/schoolbus/Parents/htm/transportation_betw_schl_child_care.htm

- A board of education, at its discretion, may provide transportation between before/after child care locations and school, but only for children attending public or nonpublic schools located within the school district in which the child resides.
- A child care location shall mean a place situated within the school district, other than the child's home, where care for less than 24 hours a day is provided on a regular basis. This definition includes, but is not limited to, a variety of child care services such as day care centers and in-home care by relatives and non-relatives.
- Where a school district has more than one elementary school, such transportation may be restricted to "child care locations within the attendance zone of the school the child attends, and to child day care centers and school age child care programs licensed or registered pursuant to Section 390 of the Social Services Law located anywhere within the school district." Transportation to such licensed or registered programs may not be limited to a school attendance zone, but must be provided anywhere within the school district.
